

Notes and views of on strike in BSNL on 15th Dec, 2016.

Sri Biswanath Datta, G.S attended at gate meeting of CTD and WBTC on 14th December and elaborately discussed why and how we oppose the formation of subsidiary Tower Company. He expressed that unions and associations have been failed to mobilize the touchy issue among the workers irrespective of executives and non executives. There were so many approaches to stop the proposal and attempt of such formation because BSNL will weak by such action and ultimately management in addition to common people also suffer, as focused by G.S. Contractual workers also participated at the meeting. They also appealed not to support the strike but to protest strongly the formation orf separate Tower Co. within BSNL.

Sri Pradip Banerjee, President INTTUC and Sri Baidya Dey, Asstt. C.S from West Bengal Telecom also proposed to march parliament on the issue. They also called to be united and not to take the issue only to political gain and gimmick. Strike is the last weapon and it should be used when all efforts fail, added and suggested by Sri Pradip Banerjee, Leader INTTUC.

Sri Kasha Nath Dey one of the young ACS of WBTC also approached not to support the strike as it will disrupt the service of BSNL and public will unnecessarily be harassed . Frequent strike will not solve our problems, he added. Unions and associations finished their arguments and know only to call strike as strikers are not filtered in BSNL.
