

3rd Pay Commission Recommendations as expected for non executives of BSNL and simple calculation for revision of pay.

Date of applicability:- 01.01.2017

It is supposed that your pay will be increased by 2.52 times as on 01.01.2017.

As example, if your basic pay is Rs 100/- as on 01.01.2017 it will be $100 \times 2.52 = \text{Rs } 252/-$ and IDA –NIL as on 01.01.2017.

Existing Basic plus DA, as per above example as on 01.01.2017 is Rs (100 +119.5)= Rs 219.5

Therefore net gain as expected will be Rs (252-219.5)= Rs 32.5 per Rs 100/-

If the basic pay of a non executive is Rs 1000/- It will be Rs 1325 on 01.01.2017 and so on.

If the basic pay of a non executive is Rs 10000/- It will be Rs 13250 on 01.01.2017 and so on.

Ceiling of gratuity will be increased and it will be Rs 20 lakh. Yearly increment 3% as it is running.

As there is negative IDA on 01.01.2017, the calculation may slightly changed.

Above posting is an expectation and may be differ with actual benefit.
